Specification: ACD Player is a handy software application that allows you to load an audio CD, check the CD-ROM information, and play the detected tracks. It sports a clean and intuitive layout that is easy to follow, making it suitable for both rookies and professionals. The tool gives you the possibility to load the current audio CD, play, pause, resume, or stop the audio selection, go to the previous or next track, alter the volume or mute the sound, as well as seek for a position in the audio streams. Another great feature enables you to open or close the CD-ROM directly from the main panel without having to use a dedicated tool or manually carry out the task. If you are looking for a program with an easy-to-understand user interface, then ACD Player is the right choice for you. It is the first choice for Windows users who want to play a single CD audio track on their PCs.

Key features: CD-Audio Player. On-the-fly selection of a specific audio CD track. Play, pause, resume, and stop the selected track. Main window with: CD, audio CD track information, and status messages. Go to the previous or next track. Volume and mute controls. Directly open or close the CD-ROM tray. Accelerate Audio CD Player. Enjoy audio CD playback on your computer. Preview

or play an audio CD without loading it to a drive. Accelerate program speed. Accelerate a CD. Accelerate data. Accelerate folders. Note: Free to try: The full version is \$14.95. Advanced Audio CD-audio Player. On-the-fly selection of an audio CD track. Play, pause, resume, and stop the selected track. Main window with: CD, audio CD track information, and status messages. Go to the previous or next track. Volume and mute controls. Directly open or close the CD-ROM tray. Save the location of the current track. Accelerate Audio CD Player. Enjoy audio CD playback on your computer. Preview or play an audio CD without loading it to a drive. Accelerate program speed. Accelerate data. Accelerate folders. Key comments: On-the-fly selection of a specific audio CD track. Play, pause, resume, and stop
