More than 4 millions customers already trust our e-books. Original Book: 9780008216353. It is a beautifully presented and very enjoyable read, the recipes are good and easy to make and there is an in depth look at the history of fat ducks and their development, with diagrams etc. I bought this book for my daughter because it is a little light on recipes for kids but she really enjoyed it, she had only had a couple of lessons in cooking but she had a great time doing it and learnt a lot. There is a whole chapter dedicated to food for younger children and this is just what I needed, I was writing a cookery book for little people and this has some great ideas for it. May 24, 2017 You really can't put a price on happiness, and I wouldn't dream of spending more than a couple of dollars on the Big Fat Duck book but if you can, you should. If you have a garden, a pond, a fish, or a bird or are just a simple regular person, you can do the same. The recipes are easy, sure, and to be honest are not as hard to make as one might expect. It was written in 1997 and does have a few recipes not found in the current version. This is just a small thing. I actually think it's a better book and my only regret is that I didn't get it years ago when I was a teen. It's a big book and I suggest that the buyers be over about eighteen. I, as an adult and college educated, didn't really grasp everything. That being said, I still enjoyed it and I would recommend that you enjoy it as well. Jun 14, 2017 I downloaded the ebook for my Ipad and I loved it. It was easy to navigate through the recipes and I liked how there were very helpful notes to help you understand the recipe. I liked that he has a family 2d92ce491b
