I want to fetch the current view count (or more accurately, the number of views after your last refresh) to that post from StackExchange? A: You can take the first answer on this question. There's no public API to access these statistics currently. It's a good case for a feature request though. A: If a feature is not implemented yet, it is always good to ask for it, just remember to be patient. You can vote for it on:
